KOREA UNIVERSITY COLLEGE OF PHARMACY
RESEARCH INSTITUTE OF PHARMACEUTICAL SCIENCES

SYMPOSIUM

2026 KU SEJONG INTERNATIONAL SYMPOSIUM

ON ADVANCED IMMUNOLOGY & DRUG DISCOVERY

Navigating Immune Tolerance, Tissue Inflammation, and Targeted Therapeutics

DATE & TIME	**Wednesday, November 11, 2026 | 13:30 – 17:30**
VENUE	**Room 112, Science & Technology Bldg II (과학기술2관 112호)**

13:30 – 14:00 **Registration & Welcome**

14:00 – 14:05 **Opening Remarks**
Prof. Yong Woo Jung (Dean, College of Pharmacy, Korea University)

PART I: BASIC & APPLIED IMMUNOLOGY [Chair: Prof. Wonjin Kim] (14:05 – 15:15)

14:05 – 14:40 **"Following Aire into uncharted territory: from central tolerance to natural IgM"**
Prof. Ludger Klein (LMU Munich, Germany)

14:40 – 15:15 **"Engineering Targeted Delivery Systems to Balance Inflammation in Cancer and Inflammatory Diseases"**
Prof. Jaewoo Lee (Korea University)

15:15 – 15:25 Group Photo Session

15:25 – 15:40 Coffee Break & Networking

PART II: DISEASE PATHOGENESIS & DRUG DISCOVERY [Chair: Prof. Sang Hoon Han] (15:40 – 17:25)

15:40 – 16:15 **"Aberrant Tfh cell differentiation drives IgE to allergens"**
Prof. Stephanie Eisenbarth (Northwestern University, USA)

16:15 – 16:50 **"VIP-VIPR2 Signaling Restrains Pathogenic Th17 Reprogramming and Tissue Inflammation"**
Prof. Jun-Yong Lee (Yonsei University)

16:50 – 17:25 **"Fragment-based PPI Inhibitor Discovery"**
Prof. Young Ho Jeon (Korea University)

17:25 – 17:30 **Closing Remarks**
Prof. Youngjoo Byun (Research Institute of Pharmaceutical Sciences, Korea University)

Hosted by College of Pharmacy & Research Institute of Pharmaceutical Sciences, Korea University

Open to All

BK21 FOUR NRF National Research Foundation of Korea
